Assistant Professors	5,350	3,700	109,340			

Remarks:

- The schedule is based on the highest rates paid by the departments of the Executive Yuan to foreign consultants, experts and academics during their stays in Taiwan and on the highest rates paid by the Ministry of Science and Technology to foreign academics and experts while they are engaged in technological collaboration and research in Taiwan. The actual reimbursement available herein will be the amount specified on an application after deducting the subsidies granted by the Ministry of Science and Technology and other off-campus academic institutions. The calculation of subsidies will be based on the actual scope of work performed.
- Labor compensation is subject to caps as specified in the schedule. Special applications for compensation above the caps, subject to applicable income taxes, may be submitted to the NCCU president for approval under extraordinary circumstances. The daily rate shall apply if the period is under one month. The monthly rate shall apply if the period is one month or longer. The daily rate for odd days under one month will be calculated by dividing the monthly rate by the total number of days in the corresponding month.
- The daily rate shall apply if the period of accommodation is under 14 days. The daily rate, starting on the 15th day, will be calculated by dividing the monthly accommodation rate by the total number of days in the corresponding month.
- Nobel Laureates - winners of the Nobel Prize or Fields Medal Prize, national academy scholars or

equivalent.

5. Distinguished Chair Professors: (1) Former professors of established foreign universities and with internationally recognized publications in the last five years; (2) Internationally esteemed experts and academics in fields in which Taiwan is lacking; (3) Individuals with extraordinary achievements in applied science or technology and years of equivalent work experience in other countries.
6. Professors, Associate Professors and Assistant Professors: (1) Outstanding international academics and experts who hold faculty positions in universities or research institutions in other countries (2) Individuals with special expertise beneficial to the applying unit's research or teaching. (3) Individuals with outstanding grades and publications in specialized areas.
7. Round trip airfare may be reimbursed, subject to a cap, for an amount within 10% of a reasonable price obtained through internet search.
