Article 1: National Chengchi University (hereinafter referred to as "the University") has formulated these Regulations to encourage the full-time teachers, researchers, and academic staff to engage in academic research.

Article 2: The number of academic research awards is limited to 3% of the total number of full-time teachers and researchers at the University; in principle, the number of awards for Distinguished Research and Outstanding Research is 1% and 2%, respectively.

Article 3: The University has established an Award for Distinguished Research and an Award for Outstanding Research. The University's full-time teachers and researchers who have completed significant research achievements and have obtained more than 3 years of National Science and Technology Council Research Project subsidies within 5 years are eligible for application. They may apply personally, or they may be nominated by other faculty and staff in accordance with these regulations.

The University Chair Professors are not subject to these Regulations however, Chair Professors who are not receiving other grants are not limited by these regulations.

Article 4: (Deleted)

Article 5: The significant research achievements mentioned in article 3 include: papers published in

academic journals. Academic works published by publishers or research institutes with peer-review system within five years and must clearly indicate university affiliation.

The period of “five years” starts on January 1st 5 years prior to the application and end on December 31st 1 of the year prior to the application.

Article 6: The applicant shall submit the application and details of the aforementioned research achievement to the Office of Research and Development before 15th of January.

Article 7: The University shall establish a University Selection and Screening Committee as well as formulate principles and/or criteria for award selection.

The committee should be comprised of nine to thirteen members. The Vice President, the Dean of Academic Affairs and the Dean of Research and Development are Ex- officio Members; six to ten other committee members (teachers and researchers affiliated or not affiliated with the University) will be selected by the President. The Vice President shall assume the responsibility for convening committee meetings.

Article 8: At least two-thirds of the members of the Selection and Screening Committee must be present when formal meetings are held. When necessary, committee members may resolve to send award application materials submitted by the of the award for Research Excellence candidates out for external review.

Article 9: Distinguished Professors, Distinguished Associate Professors (Distinguished Research Fellows, Distinguished Associate Research Fellows) who receive the Distinguished Research Award will be granted 6 points; those receiving the Outstanding Research Award will retain the award but will not be issued a monetary award. All other faculty and research personnel who receive the Distinguished Research Award will be granted 30 points, and those who receive the Outstanding Research Award will be granted 18 points. The monetary equivalent of the awarded points shall be officially announced.

Article 9-1: Award recipients shall provide a research achievement list and upload the paper in its entirety to the university Institutional Repository after the university Library has verified relevant copyright issues.

Article 10: (Deleted)

Article 11: Necessary funding shall be provided either by government subsidy or by income generated by the university.

Article 12: These rules are announced and become effective after being approved by the University Affairs Committee and School Fund Management Board. The same applies for revisions.
